

Ralph Jones
Summit Road

I support Adam Dash for Selectman. Please join me in voting for him on April 4. Adam has the right vision for Belmont. He supports excellence in our schools; he will continue policies to protect our neighborhoods; and he will invest in the maintenance of our infrastructure. He will pursue these policies while managing the funds created by our recent override. He proposes to stream-line our permitting and licensing policies, but he opposed the unwise sale of a liquor license by the current Board of Selectmen.

Having worked with Adam on the Warrant Committee, I know that he has the skills and relevant experience to serve as a Selectman. In addition to his Warrant Committee experience, Adam also served on the Zoning Board of Appeals, and he is a member of Town Meeting. He also served on the building committee for the Underwood Pool.

Finally, Adam is committed to action on issues of most concern to Belmont residents. In my experience, Adam quickly grasps the essence of an issue and then moves forward to a constructive solution. His decision-making is inclusive and collaborative. He will bring these skills to a Board of Selectmen that faces many important challenges in the coming years. Having served Belmont as a Selectman, I know how challenging—and important—a role it is for our community and its future. I am honored to serve as the chairman of his campaign, and urge you to vote for him on Tuesday, April 4.
